

VBCPS Computer/Technology Proficiencies 2006-2007

As part of the Computer Resource Program coordination for the Department of Technology, the Virginia Beach (VB) Technology Proficiencies for grades K-12 are to be reviewed, revised, realigned, and updated biannually. A VB Technology Proficiencies Revision and Realignment Committee consisting of elementary, middle, and high school computer resource specialists (CRSs) who reviewed and realigned the current VB Technology Proficiencies. The committee compressed and streamlined the current proficiencies according to the newly revised Computer Technology Standards of Learning (SOL) for Virginia's Public Schools that were released in June 2005. This allows for increased creativity and enhancement when correlating to the curricular objectives for Virginia Beach Public Schools.

The VB Technology Proficiencies remain divided by individual grade levels for grades K-5; however, the proficiencies are now clustered for grades 6-8 and 9-12. Draft copies of the revised VB Technology Proficiencies were sent to CRSs for comments. The VB Technology Proficiencies continue to align and reflect the national ISTE standards.

The VB Technology Proficiencies should be used in conjunction with the goals and objectives of the Educational Technology Team. They serve as a collaborative tool and guidelines for computer resource specialists during planning sessions with teachers. Since the emphasis is technology integration across all curricular areas, teachers should provide the curricular objectives. Hence, the VB Technology Proficiencies do not include direct correlations to the Virginia Beach Public Schools' curricular objectives (VBOs). CRSs should ensure that the technology proficiencies are being integrated with the VBOs while continuing to provide multiple opportunities for students to become successful life-long learners.

Again, the VB Technology Proficiencies are designed to be guidelines for computer resource specialists when collaborating and planning with teachers and the major goal is the integration of technology into the Virginia Beach Public Schools' curricular objectives.

2006-2007**

VA DOE Computer Technology SOL	VB Technology Proficiencies Second Grade
Basic Operations and Concepts	Basic Operations and Concepts
C/T K-2.1 – C/T K-2.2	
The student will:	The student will:
<ul style="list-style-type: none"> • demonstrate knowledge of the nature and operation of technology systems. • demonstrate proficiency in the use of technology. 	<p>VBTP 2.1 Use technology to demonstrate the ability to perform a variety of tasks such as turning on and off a computer, opening and closing programs, saving work, creating folders, using pull-down menus, opening and closing windows, dragging objects, and responding to commands.</p> <p>VBTP 2.2 Demonstrate basic keyboarding skills.</p>
Social and Ethical Issues	Social and Ethical Issues
C/T K-2.3 – C/T K-2.4	
The student will:	The student will:
<ul style="list-style-type: none"> • practice responsible use of technology systems, information, and software. • use technology responsibly. 	<p>VBTP 2.3 Demonstrate the school's rules for using computers.</p> <p>VBTP 2.4 Demonstrate the importance of protecting personal information.</p> <p>VBTP 2.5 Demonstrate the basic principles of ownership of ideas.</p> <p>VBTP 2.6 Explain online advertising and why we should be careful of it.</p> <p>VBTP 2.7 Demonstrate the responsible use of technology systems and software.</p>
Technology Research Tools	Technology Research Tools
C/T K – 2.5	
The student will:	The student will:
<ul style="list-style-type: none"> • use technology to locate, evaluate, and collect information from a variety of sources. 	<p>VBTP 2.8 Explain electronic sources of information.</p> <p>VBTP 2.9 Begin to evaluate information found in electronic sources.</p> <p>VBTP 2.10 Use an electronic resource to access information such as the Internet, electronic</p>
